

## **CHANGES TO OUR VISITOR POLICY**

For the safety of our patients, providers, and staff:

- **Visitors are restricted from NCH facilities (exceptions on a case-by-case basis, as indicated below)**
- **No visitors under the age of 18 will be allowed during this time, since young people are potential infectors without necessarily being ill themselves. No visitors over age 59 to minimize their risk of infection.**

### **Care teams will make exceptions in specific circumstances such as:**

- **End-of-life care**
- **One parent or guardian for each pediatric patient**
- **One visitor for each labor and delivery patient**
- **Visitors will be screened for flu-like or respiratory symptoms, such as fever, cough, sore throat, or shortness of breath. Temperatures will be taken. Any visitor with obvious signs of illness will be restricted from entering.**
