

An Affiliated Medical Community

North Country Healthcare (NCH) is a non-profit affiliation of four medical facilities in the White Mountains Region of New Hampshire. NCH includes numerous physicians and medical providers at multiple locations. This leading comprehensive healthcare network which employs hundreds of highly-trained individuals delivers integrated patient care through three community hospitals, medical laboratories, and a home health and hospice agency. NCH remains committed to the health and well-being of the communities we serve.

Member organizations include Androscoggin Valley Hospital in Berlin, North Country Home Health and Hospice Agency, which serves all of Coös and Grafton Counties, Upper Connecticut Valley Hospital in Colebrook, and Weeks Medical Center in Lancaster.

North Country Healthcare also collaborates with one Federally Qualified Health Clinic: Coös County Family Health Services in Berlin and in Colebrook.

North Country Healthcare is committed to fostering an inclusive and diverse workforce and volunteer base throughout all of our affiliate organizations (Androscoggin Valley Hospital, North Country Home Health & Hospice Agency, Upper Connecticut Valley Hospital, and Weeks Medical Center). We value and respect all of our stakeholders and recognize that our differences make us better.
