- ✓ Other Chronic Conditions?

Convenient
Care from
Home

Phone-Based Care

This program is a personalized healthcare service designed to support individuals living with two or more chronic conditions such as diabetes, heart disease, arthritis, or high blood pressure and require ongoing care and monitoring.

Benefits of our Chronic Care Management Program:

- ✓ Personalized Care Plan
- ✓ Medication Management
- ✓ Care Coordination
- ✓ Monthly (Remote) Check-Ins

Talk to your Primary Care Provider about signing up with our CCM Team, or call (603) 933-7079 for more information.

Many insurance plans, including Medicare, cover CCM services. You may have a small monthly co-pay depending on your coverage.
